

First we start with the animal, then we shear the sheep for his fleece.....

We clean it, comb it, and dye it. Then it's ready to use.

Then we learn to felt simple squares by overlapping the layer of wool roving.

We move on to the more complicated project..... the felted wallet.
Art 1 student, using 21 grams of wool

A more complicated project done by an Art 3 student.
Felt Hat drying out on a hat block
